

**ADDENDUM #01
RFP NUMBER – R21-065 PB
08/05/21**

NAME OF PROJECT: On-Call Bus Shelters, Benches, and Amenities

PROPOSAL DUE DATE HAS BEEN EXTENDED TO 08/23/21 AT 5:00 PM MST

This document shall become as fully a part of the above named RFP and Contract Documents as if included and shall take full and complete precedence over anything stated or shown to the contrary in them.

Acknowledgment: Each Offeror shall indicate in the place provided acknowledgment of receipt of this Addendum.

Each and every Offeror, subcontractor, and material supplier shall be responsible for reading each and every item in this Addendum to ascertain the extent and manner it affects the work in which he is interested.

*****CHANGES TO THE PUBLICATION NOTICE*****

The following item and information are corrections and additions to the above referenced project.

- Q1: Does the City of Colorado Springs require that the bench within the shelter have adjustable legs? Does the City of Colorado Springs require that advertising benches have adjustable legs?
- A1: Shelter bench are to have adjustable legs; Advertising bench does not require to have adjustable legs.
- Q2: Does the City of Colorado Springs require an acrylic face in front of the ad display on the benches? Does the City of Colorado Springs require tamper resistant fasteners to secure the ad frame?
- A2: An acrylic face on the advertising benches is not required; Tamper resistant hardware is preferred, however a locking device would also be acceptable to secure the ad in place.
- Q3: Section 12 discusses domestic vs. foreign material costs and Buy American compliance. The project is required to comply with Buy America which is a different criteria and is specific for FTA funded projects that contain manufactured products. Will the City of Colorado Springs remove Section 12?
- A3: Buy American Act does not apply to this project.

Q4: Freight costs have become extremely volatile as the nation recovers from the pandemic. We are unable to receive freight quotes. Will the City of Colorado Springs consider modifying its price matrix to allow for the addition of freight with each shipment, with no mark-up? We will provide proof of delivery costs. This will save the agency money as we will not have to forecast a higher cost that may or may not exist in the future

A4: Please use the attached updated Pricing Sheet for one Base Year pricing. Freight charges, with no markup, are to be provided at the time of order.

Q5: If the City of Colorado Springs requires that freight be included in each line item, rather than a separate line item, it may result in a significantly increased cumulative freight costs. As a point of clarification, does the agency anticipate purchasing product in bundles, or will there be a time where the agency purchases, for example, only bike loops or only trash receptacles?

A5: It is ideal to purchase the amenities in bundles to maintain a stock supply on-site at MMT for emergency replacements, however unit purchases could be anywhere within the ranges as set in the price sheet and may include the purchase of individual amenity items.

Q6: The City of Colorado Springs is asking for specific prices for each year of the contract. This is difficult to forecast as the nation recovers from the pandemic. we are currently experiencing no consistency of pricing for raw material and outside processes. Would the City consider a one-year base price with future years indexed to the Producers Price Index issues by the United States Department of Labor, specifically WPS 107 for Metals and Metal Products: Fabricated Structural Metal Products?

A6: The City will accept proposals with one-year base pricing. Should any of the four one-year options be exercised, a maximum increase of the Producers Price Index for Fabricated Structural Metal Products or 3%, whichever is lower, will be allowed.

Q7: Can we propose alternate designs? Will you allow for Approved Equals?

A7: MMT will accept alternate designs, as long as the products meet the minimum requirements specified in the Statement of Work in the RFP.

Please include a copy of Exhibit 4 - Minimum Insurance Requirements with your proposal

Proposal Due Date has been extended to **Monday, August 23, 2021 5 PM MST.**

Offeror shall acknowledge receipt of this addendum by signing below, and this addendum must be returned as part of the proposal.
